## Premessa

Tra i fondi archivistici statali quello notarile di Camerino rappresenta uno tra i più prestigiosi e ricchi conservati da questa Sezione di Archivio di Stato. Gli archivi notarili infatti costituiscono il patrimonio documentario più antico e diffuso nel territorio e offrono la possibilità di effettuare ricerche e studi interessanti in molti ambiti: storico, giuridico, socio-economico, artistico.

Il notaio era il punto di riferimento obbligatorio per istituzioni e privati, per ogni forma di attività che avesse necessità di essere ratificata con atto scritto e valore legale “di pubblica fides” e di durata nel tempo. La conservazione di tali documenti è stata da sempre parte integrante delle attività svolte nell’ufficio del notaio, nei tempi antichi “actum in domo mei notarii”, e preoccupazione costante delle pubbliche istituzioni prima comunali poi statali.

L’archivio notarile esisteva già dal secolo XIV, e alla fine del XV Giulio Cesare Varano dettava specifiche disposizioni per esso. Le prime furono quelle notarili, emanate da Papa Sisto V nel 1588.

Esse predisponivano che ogni Comune dello Stato pontificio potesse avere un archivio notarile ed ordinavano la conservazione delle scritture.

Nonostante le disposizioni riguardanti la concentrazione degli archivi nel capoluogo del Dipartimento, emanate da Napoleone (decreto del 17 giugno 1806) estese alle Marche con decreto del 20 maggio 1808, non sembra che gli atti dell’archivio siano stati trasferiti a Macerata, se non per quelli dei notai più recenti. Con “Motuproprio” di Papa Pio VII del 31 maggio 1823, l’archivio notarile di Camerino venne classificato come archivio centrale. Successivamente, vi vennero concentrati gli archivi esistenti di altre località del circondario, come Rocchetta, Serravalle, Santa Anatolia, Camporotondo, Acquacanina.

Dopo l’unità d’Italia, nel 1879 l’archivio notarile venne classificato come distrettuale e successivamente, nel 1880, come sussidiario, essendo unificati i collegi notarili di Camerino e Macerata.

L’archivio notarile di Camerino è quantitativamente il maggior archivio notarile delle Marche. Nel tempo si sentì la necessità di avere un inventario, perché gli spostamenti da un luogo all’altro (dalla chiesa cattedrale poi al Palazzo Ducale) provocarono non poca confusione tra i documenti. La prima operazione di inventariazione fu fatta da Pirro Muzi nel ‘600, poi dall’archivista Raimondo Ricci (anche lui notaio) nel 1822. Infine, Milziade Santoni nel 1883 fece un elenco dei notai riordinati per ordine cronologico e per provenienza territoriale. La segnatura era per numero di credenza dove gli atti venivano conservati.

Dopo l’istituzione della Sezione di Archivio di Stato di Camerino nel luglio del 1967 il fondo notarile fu versato alla sezione. Il fondo, per essere consultato, doveva avere un inventario dettagliato. Così, dopo circa vent’anni di lavoro di riordinamento di tutto il materiale, la maggior parte frammentato, ho redatto un inventario analitico, per ordine cronologico, di notaio, di patronimico, del luogo di provenienza e di residenza, indicando la piazza dove è stato redatto l’atto.

L’atto notarile più antico è del 1372; gli atti presenti arrivano fino al XIX secolo. Il fondo consiste in 9.395 pezzi e 3.482 notai. All’interno dello stesso atto, di cui è stata annotata la tipologia, ho indicato anche altri notai oltre a quello rogante, presenti in veste di procuratori o periti con tanto di firma e segno del tabellione (timbro del notaio) di varie città e paesi di tutta Italia.

Per ogni unità mancante di coperta, ho apportato una coperta di cartone durevole per maggiore conservazione, legata con le carte. Ho assemblato i frammenti, laddove combacianti, ricostituendo così i bastardelli, le vacchette o i protocolli originali.

Nell'inventario si trovano notai omonimi con date e segni del tabellone diverso, contraddistinti con un asterisco (\*).

Durante i lavori di riordinamento ho accertato che molti volumi sono danneggiati da muffe per l'umidità e anche rovinati dall'inchiostro usato di pessima qualità e quindi bisognosi di restauro, dei quali ho stilato un elenco.

Moltissimi bastardelli, vacchette, e protocolli sono coperti con frammenti di codici pergamenacei, addirittura con scrittura beneventana ed ebraica, o da atti di notai che hanno rogato nei secc. XIII-XVI di Camerino e da altre provenienze, iniziando così un elenco di tali documenti pergamenacei e cartacei che per la loro importanza dovranno essere recuperati e restaurati per una migliore conservazione, annotando altresì la loro provenienza.

L'abbondanza e la varietà della materia scrittoria conservata presso questo istituto, permette di affermare che nell'archivio sono stati registrati e annotati gli interessi di tutti i cittadini e conseguentemente si delinea la storia del paese e del territorio per un periodo di oltre cinque secoli.

Tale patrimonio a tutt'oggi è stato esplorato solo in parte, perché la lettura dei documenti spesso è difficile, aggravata dalle abbreviature, dalla scrittura personale e, a volte, dagli inchiostri usati che hanno provocato danni al testo.

Mi si è presentata una gran mole di documentazione e penso che un ricercatore abile, paziente e curioso, con interessi, può paragonare ciò a un piccolo tesoro. Moltitudini di informazioni su argomenti diversi, testamenti, inventari di spezierie, di fondaci, di eredità, doti, permettono di entrare nella vita privata di personaggi nobili, illustri, penetrando nel loro mondo più intimo, frugando anche negli armadi colmi di vestiti, pezze e biancheria. Curiosando nelle loro biblioteche, nelle loro cucine, osservando gli arredi dei palazzi, i corredi e i gioielli delle donne... le loro carrozze. Nell'appendice dell'inventario troviamo i verbali di ispezioni effettuate nell'archivio grande distrettuale notarile di Camerino, che risiedeva nel Palazzo Ducale Varano negli anni 1618-1872, che riportano la descrizione delle credenze contenenti i pezzi notarili. Questo materiale archivistico, custodito presso la Sezione di Archivio di Stato di Camerino, non è nascosto, è aperto a tutti quelli che vorranno accedervi, curiosi di entrare a far parte delle nostre radici e del mondo antico che ci ha generati.

L'inventario è stato totalmente informatizzato da Attilio Lucarini, richiedendogli una mole di lavoro veramente notevole ed una grande professionalità.

Daniela Casadidio
